

# MOBILE COMMAND CENTER CONTAINER

The Mobile Command Center Container is a state-of-the-art expandable container solution designed for emergency response, crisis management, and field operations. It is built on a robust steel frame, fully compatible with multiple hooklift container lifting systems, and provides a secure, insulated, and fully equipped working environment.

# TECHNICAL DATA

DIMENSIONS	2500 × 7000 × 2600 MM
WEIGHT (MAX GROSS)	≤ 10,000 KG
WARRANTY PERIOD	2 YEARS EQUIPMENT, 5 YEARS SUPPORT, 10 YEARS ANTI-CORROSION
FRAME	STEEL, HOOKLIFT COMPATIBLE
STORAGE AREA	150 × 240 CM, 3 COMPARTMENTS (HVAC, GENERATOR, STORAGE)
POWER SUPPLY	EXTERNAL INPUT / GENERATOR / UPS

# KEY FEATURES

## STRUCTURAL DESIGN

- Expandable and modular design for rapid deployment
- Robust steel frame with Hook lift system for easy transport
- High mobility with heavy-duty wheels for safe loading and unloading
- Weatherproof, airtight construction with 45–50 mm thermal insulation and anti-mold protection
- Non-slip aluminum flooring for safe and durable interior
- Secure doors with panic bar, auto-close, and RFID keypad (up to 50 users)
- Operates up to 5 hours without external power
- Flexible interior with modular zones and ample storage
- Integrated LED lighting, emergency lights, and strobe signals
- PTZ 360° surveillance camera for full situational awareness

## EXPANDABLE & MODULAR

- Rapid setup and breakdown
- Three operational zones with removable curtains
- Spacious storage area (150 × 240 cm) for HVAC, generator, and equipment

## MOBILITY

- Heavy-duty rear wheels with polyurethane coating
- Hooklift container system compatible

## Power & Electrical

# POWER & SYSTEMS

- External power input or onboard generator
- 14 kW mobile generator with ramp & 20 L fuel canister
- UPS backup  $\geq 2$  hours at full load
- 25 power outlets strategically placed
- Internal and external LED lighting, including emergency and blue strobe lights
- 3.5 m automatic telescopic mast with LED floodlights
- 

## Safety & Security

- PTZ 360° surveillance camera with internal monitor
- Fire safety: 2  $\times$  6 kg powder extinguishers
- Covered entrance with automatic roof extension, stairs, safety rails

# INTERIOR & WORKSTATIONS

## Interior Layout

- Non-slip aluminum flooring, laminated composite wall panels
- Modular partitions for flexible workspace configuration
- Kitchen module: bean-to-cup coffee machine, 2-zone induction hob, 60 L refrigerator

## Workstations

- 4 folding tables (150 × 50 cm)
- 4 wall-mounted folding tables (120 & 190 cm)
- 2 wall shelves (160 × 180 cm)
- 16 ergonomic folding chairs

## Comfort & Efficiency

- HVAC system for heating and cooling
- Spacious, safe, and organized work environment

# IT & COMMUNICATION

## Multimedia & Collaboration

- 55–66" interactive 4K smart board with video conferencing
- 2 × 43" LED screens on adjustable arms
- HDMI & USB-C connections

## Connectivity

- Starlink satellite internet for reliable global communication
- Docking stations for 3 mobile radios (client-provided)
- Whiteboard with sliding panels for planning and coordination

## Operational Efficiency

- Optimized layout for maximum teamwork and rapid decision-making

# DESIGN

The Mobile Command Center Container can be fully customized to meet your operational preferences. Whether you require a fully equipped command center or a completely empty container to fit your own equipment, the choice is yours.

We provide a standard base configuration that includes essential features for immediate deployment and operational readiness:

## **Base Configuration Includes:**

- 3 modular operational zones with removable partitions and curtains
- Storage area for HVAC unit, generator, and equipment
- 14 kW mobile generator with ramp and 20 L fuel canister
- Kitchen module: bean-to-cup coffee machine, 2-zone induction hob, 60 L refrigerator
- Workstations: 4 folding tables, 4 wall-mounted folding tables, 2 wall shelves, 16 ergonomic folding chairs
- Multimedia setup: 55–66" interactive 4K smart board, 2 × 43" LED screens, HDMI and USB-C connections
- Starlink satellite communication system
- Whiteboard with sliding panels for planning and coordination
- Docking stations for 3 mobile radios (client-provided)
- Integrated lighting, emergency and strobe lights
- PTZ 360° surveillance camera
- Secure doors with panic bar, auto-close, and RFID access
